AQUACHOCKS™

REMOVABLE TENDER CHOCKS

FEATURES

✓ TENDERS AND PWC'S SECURED WITH EASE

AquaChocks provide the stability of a secure cradle system, giving boat owners peace of mind while out on the water. The synthetic grip pads keep the tender in place without causing damage to the hull.

✓ REMOVABLE IN SECONDS

Enjoy the best of both worlds! AquaChocks offer superior security when in use, but they can also be easily removed in seconds when deck space is needed.

✓ FLUSH-MOUNTED DESIGN

When not in use, AquaChocks can be completely removed, leaving a flush deck surface. This eliminates trip hazards and ensures full use of deck space.

✓ FULLY ADJUSTABLE FOR A UNIVERSAL FIT

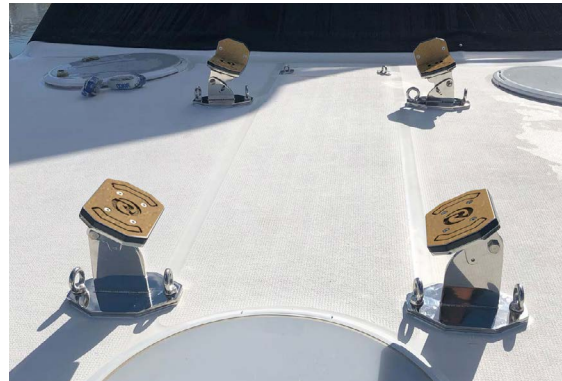

AquaChocks are designed to fit a wide variety of tenders and PWCs. The adjustable design ensures a snug fit, keeping the watercraft secure regardless of size or shape.

✓ MADE FROM HIGH-QUALITY MARINE GRADE STAINLESS STEEL

AquaChocks are built to withstand the harsh marine environment. The 316 stainless steel construction ensures long-lasting durability and a beautiful mirror finish that complements any boat.

FOREDECK KIT

The AquaChocks™ Foredeck kit has been specifically designed for installation on the foredeck. The chock mounting brackets feature a larger base area for stability without the need of drilling deep into the deck. The rear AquaChocks™ feature a vertical support to keep the tender or PWC secure when facing forward.

Includes everything needed to install AquaChocks™ on a **foredeck**.

- 2 x Rear AquaChocks™
- 2 x Forward AquaChocks™
- 4 x Mounting Bases
- 4 x Ratchet Straps
- 4 x Pad Eyes
- Storage case
- All parts required for installation

SKU: ACKF

PLATFORM KIT

Swim platforms provide easy launching and access to your tender or PWC. The AquaChocks™ Platform kits have been designed to ensure maximum stability and safety of your tender when stored. For ultimate flexibility the chocks can be removed from the bases, allowing boaters to enjoy the swim platform area when the tender is in the water.

Includes everything needed to install AquaChocks™ on a **swim platform**.

- 4 x AquaChocks™
- 4 x Mounting Bases
- 4 x Ratchet Straps
- 4 x Pad Eyes
- Storage case
- All parts required for installation

SKU: ACKP
