

AQUACHOCKS™

REMOVABLE CHOCKS FOR YOUR TENDER OR PWC

Enjoy the stability of a secure cradle system with AquaChocks™. These removable and adjustable chocks keep your tender or PWC safe while offering the flexibility to be removed in seconds when not in use.

Manufactured using high quality 316 stainless steel, AquaChocks™ are built to last in the most toughest conditions.

Reclaim your deck space: Removable in seconds, leaving a flush surface and zero trip hazards.

AquaChocks™ are sold as an all-inclusive kit. There are two kit options:

FOREDECK KIT

PLATFORM KIT

Since 1984, DAVCO™ has been a leading innovator in the design and manufacturing of tender management solutions for the marine industry. Our rich heritage and passion for boating fuel our commitment to developing high-quality products that elevate your time on the water.

At DAVCO™, we understand the challenges boat owners face when managing tenders and PWCs. That's why we specialize in creating innovative solutions such as the products in our AquaSeries range.

Our team of dedicated engineers and designers is passionate about creating user-friendly and reliable products that exceed your expectations.

AQUASTAIRS™

EFFORTLESS ACCESS TO YOUR SWIM PLATFORM

Elegant Design Meets Functionality

Climbing onto and off your swim platform can be a challenge, especially for children or older adults. AquaStairs™ eliminate the struggle, providing a safe and comfortable way to access your hydraulic swim platform.

Designed for tender safety: When stowed away, the AquaStairs™ fold compact under the swim platform for efficient motoring and to keep your tender or PWC safe from the trailing wake, especially in rough conditions.

AQUAPLATFORMS™

EXPAND YOUR BOATING EXPERIENCE

Transform your deck space and create a luxurious oasis on the water with a DAVCO AquaPlatform™. This innovative hydraulic platform extends your deck with a safe and stable surface, perfect for swimming, sunbathing, relaxing, or easily boarding your tender or PWC.

AquaPlatforms™ are designed and manufactured in Australia, proudly supplied to both of Australia's largest boat builders. Your AquaPlatform™ can be designed specifically for your boat.

AQUACRANES™

EFFORTLESS TENDER LAUNCHING & RETRIEVAL

Compact & Powerful Cranes for Boats 38ft & Above.

Struggling to launch and retrieve your tender or PWC can be a back-breaking chore. AquaCranes™ take the hassle out of tender management, allowing you to effortlessly lift and lower your watercraft with just the touch of a button.

Compact Design for Maximum Efficiency: DAVCO AquaCranes™ are designed to be space-saving without compromising on power. They fit seamlessly onboard and are stowed low profile on the deck.

Powerful Lifting Capacity: Don't let the compact size fool you. AquaCranes™ are available in a range of models with varying lifting capacities, ensuring you can find the perfect crane to handle your specific tender or PWC.
